Back from the Brink

A set of seven endangered British Wildlife designs created in partnership with Back from the Brink, an ambitious conservation project focussed on bringing some of Britain's most threatened species of animals, plants and fungi back from extinction. Stitch these designs to raise awareness or for fundraising, the designs include the Willow Tit, Pine Marten, Grey Long-eared Bat, Pheasant's-eye, Interrupted Brome, Shril Carder Bee and Chequered Skipper.

Pheasant's-eye

With vivid scarlet petals and a black inner 'eye' like its namesake, Pheasant's-eye was once so common it was collected and sold at London's flower markets. But with the intensification of arable farming, coupled with its need for particular conditions to germinate and grow, Pheasant's-eye is now only found in a handful of fields.
