### Back from the Brink

A set of seven endangered British Wildlife designs created in partnership with Back from the Brink, an ambitious conservation project focussed on bringing some of Britain's most threatened species of animals, plants and fungi back from extinction. Stitch these designs to raise awareness or for fundraising, the designs include the Willow Tit, Pine Marten, Grey Long-eared Bat, Pheasant's-eye, Interrupted Brome, Shrill Carder Bee and Chequered Skipper.

### Shrill Carder Bee

Shrill Carder Bees were once found throughout southern Britain. However, many areas that were once filled with wildflowers, on which these bees depend, have been lost. With only three populations left in England, this is one of our rarest bumblebees.
